pharmacodynamics, pharmacometrics, protein engineering, pharmacogenomics, and other related topics.

- Demonstrate appropriate knowledge of pharmaceutical sciences, or related field.
- Use University and department learning systems (example, UB Learns) and adhere to good instructional practices (example, published syllabi and holding office hours), especially in a remote fashion.
- Evaluate students' performance and provide effective feedback to guide student learning and success.
- Responsible for contributing to and maintaining an inclusive and collaborative environment.

Outstanding Benefits Package

Working at UB comes with benefits that exceed salary alone. There are personal rewards including comprehensive health and retirement plan options. We also focus on creating and sustaining a healthy mix of work, personal and academic pursuit - all in an effort to support your work-life effectiveness. We support your growth and development through our career coaching and training department and we qualify as a public service loan forgiveness organization.
