**Job
Description**

Job Purpose

The Clinical Assistant Professor is a professional and academic position with responsibilities for both clinical education and service. Clinical faculty may participate in training students in various clinical settings and conduct site visits.

Main accountabilities & expectations

1. Teach didactic PharmD courses and supervise PharmD students in clinical training.
2. Grade students' exams, assignments, and coursework for PharmD courses.
3. Engage in research projects related to Clinical Pharmacy and patient care.
4. Participate in university and community services.
5. Actively participate in college courses, student training, and tutorial activities.
6. Provide professional supervision during onsite training.

SKILLS

1. Experience in student training programs.
2. A record of 2-3 publications in SCOPUS-indexed journals within the last 3 years.
3. Excellent communication skills in English (both speaking and writing) is essential.
4. Excellent communication skills in Arabic (speaking and writing) will be a plus.

QUALIFICATIONS

The candidate must meet one of the following criteria:

1. Hold both PGY1 and PGY2 from a U.S. accredited university plus one year of post-PharmD experience in a clinical or academic setting, OR
2. Hold a PhD degree in Clinical Pharmaceutical Sciences or an equivalent field plus one of the following:
 - a) At least three years of clinical teaching experience (as a clinical preceptor) at the
