Job Description

The School of Pharmacy and Pharmaceutical Sciences and Department of Pharmaceutical Sciences is looking to hire a Research Professor to begin establishing a funded research program based on utilizing artificial intelligence and machine learning for drug discovery.

This position will also have modest teaching role, primarily in our graduate curriculum and will be expected to be a “good citizen” of the school and contribute to committees and accept other supportive assignments as appropriate.

Outstanding Benefits Package

Working at UB comes with benefits that exceed salary alone. There are personal rewards including comprehensive health and retirement plan options. We also focus on creating and sustaining a healthy mix of work, personal and academic pursuit - all in an effort to support your work-life effectiveness.
